FLINT PUBLIC LIBRARY
MIDDLETON, MASS 01949

When we first started our life here at Masco we were all forced into different directions. In junior high, signs told half of us to go to the red team, while other signs directed us to the white team. In those two years we traveled down side streets, despite frequent traffic jams. Then we finally made it to the high school where the hallways were larger, the building was two stories, and the homework load increased. Freshman year we were unsure of the directions we were going, in fact, we may not have even seen the signs. Sophomore year was a year of learning. We knew there were directions and choices, but we weren't necessarily ready to speed up.

Junior year was a year of experience. We were ready to manuever our way over to the fast lane, but most of us still hadn't taken drivers ed. Senior year is now here and it is time for us to read into our own signs, whether we stop, go, or yield, decisions lie in our own hands. We no longer need to be told where to go; the future is ours. We are all going to exit at different places. The roads ahead may seem overwhelming, but we will eventually decide where life's journey will take us. Now exit 51 is behind us, it is time to move on.

DEDICATION:

Amongst the row of faculty cars in the parking lot is a bright red jeep with the bumper sticker which reads:

I'D RATHER BE KAYAKING!

If you don't know who the owner is, most of the seniors will tell you that it's Uncle Al, otherwise known as Mr. Brown. Mr. Brown has been a social studies teacher at Masco for almost 31 years. He teaches his students not only about social studies but about life. He is highly regarded by his colleagues as the "father of knowledge" and is considered a guru of history. He is a teacher who is insightful and a model of discipline. Mr. Brown's ruthless sarcasm and witty comments make for a lively and humorous class period. You may have seen some of the Euyore paraphernalia resting on the top of his cluttered desk, and can visualize the resemblance between Mr. B. and the lovable yet cynical Winnie the Pooh character. If you don't know Mr. Brown personally you may have had him as a study hall proctor and heard the chant, "Can everyone be quiet! Ok, now can the *special* people be quiet!" When he's not joking around, he is trying to make his students think and learn more about history. The evidence of his great teaching and positive influence comes in the form of fan mail. Mr. Brown often receives letters from former students, who wish to convey their gratitude to him. Some letters show appreciation for saving his students in college by showing them how to create an impeccable research paper. Other letters offer thanks for teaching a history class in a way in which the students can retain information well into their college careers.

Mr. Brown, it is our class' wish to honor your hard work and positive impact on all of us, with our own letter.

MR. AL BROWN

DEAR MR. BROWN,

ON BEHALF OF THE CLASS OF 1999, WE WOULD LIKE TO THANK YOU FOR ALL OF THE INFORMATION THAT YOU CRAMMED INTO OUR HEADS, AND FOR CARING ENOUGH ABOUT US TO PUSH US TO REACH OUR FULL POTENTIAL. EVERYTHING YOU TAUGHT US, FROM WWII, TO HOW ELECTRICITY WORKS, TO "WHERE THE MONEY IS", WILL STAY WITH US FOREVER. WE WANT TO WISH YOU ALL THE LUCK IN THE FUTURE, AND APPRECIATE EVERYTHING YOU HAVE DONE FOR US. WE LEARNED AND WE WILL REMEMBER.

LOVE,
THE CLASS OF 1999

Freshmen

You've just merged onto the high school super highway- this is it! Cars are moving at high speeds around us, as we watch from the passenger seat. All the blinking lights of life are confusing, and we may feel as if everyone takes out the brunt of their road rage on us. It will get better. Although three years lay ahead of us with more entrance and exit ramps ahead, the merging will become progressively smoother.

Sophomores

Gazing out the windows of the Driver's Education room onto Rte. 95, it seems amazing that we will soon be navigating those lanes all on our own as freshly licensed drivers. Sophomore year, complete with Project Adventure and PSATs, serves as a foreshadowing of the two years of high school left to complete. This year serves as a bridge from the little respect status of freshman to the high pressure atmosphere of junior year. Enjoy the easy flow of traffic sophomore year and buckle up-you'll need to prepare for the breakneck speed of the next two years.

So we've taken the SATs, gotten our licenses, listened to "this is the most important year of high school" speeches, and neared the top of the hierarchy with the title of upperclassman. From the road trips with our parents (to college campuses) to cruising in stretch limos to the prom, we've gained experience and wisdom. The hand of the meter seems to be rushing at race car speed towards Time Expired, but don't worry-we've still got one year left.

As the hand of the meter slowly creeps toward the end mark, we wonder if we're ready to leave it all behind. We've watched from the passenger seat of the junior high years, gotten behind the wheel as an underclassman, and became the licensed (and hopefully capable) drivers we are today. Exit 51 has directed us to Masco where we have learned both in the classroom and from the other drivers we've encountered. What we've learned here is hopefully enough to map out our own destinies, because our time here at Masco has expired.

Perry Lynch- I see myself traveling abroad and doing missionary work somewhere over seas.
Meghan MacLaughlin- I will be going to Hawaii with my husband, three kids, and my dog.
Amanda Malgari- I will be still trying to live down the "peep show" incident.

Beth Meserve- I will be happily married with kids, pursuing my dreams.
Tara Mae Murray- I will go to college, get a job, travel to Ireland and France, then maybe married.
Jackie Ostrow- I hope to be married with a goob job in business, as long as I have left Masco I will be all set.
Katrina Pardo- It's my little secret.
Rachel Pescatore- I will be serving time for arson.
Teal Porter- I will be married to Mikie, have my own business, and I will fly to Paris on weekends to see Elin model Jackye's clothes.
Ilya Rasner- I see myself as the head janitor at Masco.
Liz Ricklefs- I will be enjoying dinner and a movie.
Margaret Scanlon- I will be driving a minivan around and being psycho soccer mom/career woman.

Gregory Serwo- I am going to be traveling to distant exotic places, meeting unusual, interesting people.

Anchored

Our anchor's too big for our ship.
So we're sittin' here tryin' to think.
If we leave it behind we'll be lost.
If we haul it on board, we will sink.
If we sit and keep talkin' about it,
It will soon be too late for our trip.
It sure can be rough on a sailor
When the anchor's too big for the ship.

What is life? Life has its ups and its downs. At times, life may feel extremely exhausting and you just want to give up but other times life can be relaxing and never better. Right now my life is both relaxing and exhausting. Life is on the upswing. My new joy in life arrived with the birth of my new baby brother named William Thomas Burke. This new joy has renewed my tolerance for life. "Willie" has shown me the joy of new life but has also prepared me for what may occur in the future, a child of my own. But for now, I will only concentrate on spending time with him. It is such a joy when "Willie" smiles at you with his little rosy cheeks and his little blue eyes. But I still remember one thing: "Life is short." Next time I see my brother, "Willie," he will have grown, with only memories of his brother who was there for him when he was only two months old. Even though he may not cherish the time I spent with him when he was so small, I know that he has made a difference in my life. He has taught me a lesson: even though times may be at a low, things can happen to change times just as they have for me.

"So many people live within unhappy circumstances and yet will not take the initiative to change their situation because they are conditioned to a life of security, conformity, and conservatism, all of which may appear to give one peace of mind, but in reality nothing is more damaging to the adventurous spirit within a man than a secure future. The very basic core of man's living spirit is his passion for adventure. The joy of life comes from our experiences and hence there is no greater joy to have an endless changing horizon, for each day to have a new and different sun. If you want to get more out of life, you must lose your inclination for monotonous security and adopt a helter-skelter style of life that will at first appear to you to be crazy. But once you become accustomed to such a life you will see its full meaning and its incredible beauty." -Christopher Johnson McCandless

Well everyone, this is the end. There isn't much that can be said to sum up what we've been through. So much, but so little. Our lives are just beginning, yet our high school careers are coming to an end. Where will we be in a few years? What have we been doing for the last 4? No one really knows. So many decisions are made too late, so many opportunities missed, ye we still move on. It has to be that way. Mom, Dad, thanks for never letting me give up, and for never giving up on me. Steve, Amanda, Robbie, thanks for always being there for me. Matt, no one will ever understand what you've done for me. You've helped me through the tough times and always been there to cover my back. Thanks to all my friends who have stuck with me throughout. You know who you are so I won't risk missing anyone's initials. AP-I'll never forget you and what we had. ✱ JG- best friends since the day we met. No one has been there for me like you have. Thanks for everything. I wouldn't have been able to make it alone. MASCO GOLF IS #1. DMB, FootAction Crew, PSC, Prom '98, POS Jetta, CJ7/Shank Tank, Entice, Thank you and good luck to everyone. ~KEN CORNING~

Masco has prepared me for life in the real world, after graduation I hope to go to engineering school and have a career in software or electrical engineering. I have met many interesting people during my Masco years, but would like to say a special good bye to Greg, Travis, Steve, Mike and Bryan and good luck to you in whatever your lives bring you next. Also to Justin even though you had to leave after sophmore year, I hope you had fun here and enjoy your new home town and school.

Thanks to all the teacher I've had and especially to Mr. O'Keefe for his years of dedicated leadership and thoughful insight to music, and the way he held the band together as a group was a terrific learning expeirence.

My final thoughs go out to my father, though thick an thin, he has always been there for guidence and support. There is no doubt that I would be the person I am today without that, and I am eternally in debt to him. My one one wish would be that I could do the same for someone else some day. Thank You

The best four years of my life? Maybe. During these hectic years hundreds struggl with their problems, parents, social life, sports, futures, and themselves. Some leav with order and direction, others leave with confusion and fear. In the beginning there is no way to tell how you will leave. My four years at Masco gave me directior I hope I never end up like that, I hope I never act like him, I hate how people do this. So many attitudes and personalities here, I know what I want to be like and I know who I despise and will never imitate. To everyone who never did their homework, everyone who copied their writing assignments and cheated on tests, it will come back. Some day there may not be anyone to copy from. There were good days anc bad, but everything is just beginning. Everyone will go their separate ways and may not see any of the class of 1999 again. To all my friends and classmates, remembe me how you will.

I would like to thank my loving parents who have done everything to make me succeed. My brother Andy- thanks for straightening me out when I'm in trouble. I won the great race. Mrs. Lima, my second mother- without you I would spend my summer in school. You still owe me lunch. Football Team, My Second Family: RK,KK,LM,BF,DM,JB-you are the greatest friends, we've been through alot together. RF, ME, AB, JB, and DM-Friday mornings Blue Lagoon, Green Monster, MacDonald's is the place to go. Breakfast Burrito. To Merrill, my best friend-I wish you well in your senior year. Doubl Barrel, GBH, HGGBH, I can't sum it all up- you get the point. To Leah- so much to say, so little space.Stealing road signs, Fridays, the plastic rings to start it all off, dazed and confused, my birthday when I told 3 important words. You're the biggest part of my life. I love U forever, without you I'd be off doing something wrong. You complete me. This is TG, Peace Out.

I can't believe it's already time to say goodbye–these past four years have gone by so fast.

I'll miss many of you more than you'll ever know.

I want to say goodbye to all my friends and to those of you who have supported me over the years In particular I would like to say goodbye to Matt McAneney and Mike Snell, who have supported m throughout every track season, to Ilya Rasner, who has always been supportive and encouraging, t Brendon Drysdale and Scott Cheever, both of whom I wish I had more time to become better friend with, to Rob Lopez, one of the most intelligent and kindest people I've ever met, to Devaney Bennet and Conor Daly, both of whom I've looked up to and highly respected these past four years, to Nic Sabino, who has proven to be the best of friends, and to Kendrah Murphy, one of the nicest people I'v ever met and who I'll miss more than ever.

I hope that we may all meet again soon and that this is only the beginning for all of us.

Goodbye and good luck to you all.

Wow school's almost over. I feel like I have already spent an eternity here. But now we're finally being set free into the "real world". I guess there will be a lot of things I will miss. Somehow I'm supposed to sum up my entire life in this space but I have no idea what to write. I've done that a lot in the past, not known what to say that would fit correctly in the spaces provided. So instead of just saying anything, I've decided to step back and let people fill in the gap. But if we dont step out and risk not being seen we lose ourselves in the background. Everybody should forget about the boxes others put around our life and just live in the space that we choose. Oh well, we can only live today. Thanks to my family - my parents, Nate and Jer for helping me get through everything and everybody else who has been there.

Goodbye- Nicole King

I can't write for long because the Patriots game is on in a few minutes. Just thought I'd take some time to write my senior square for the 10th time. It's too hard to name everyone that has helped me throughout the years. I could name a few. I thank my parents for their support in my goals and talents. Good luck to my little sister in these next years. Thanx especially to my brother and our friend Tim A. @ B.C. To all my friends who have stuck with me throughout the years, you will always be admirable and respectable to me. We had some great times. What I want to say to each of you can't be said in a senior square. So to you and the rest of the class, I'll just write this: "the years go by. the time it does fly. every single second is a moment in time that passes oh, so quick and it seems like nothing but when you're looking back, well it amounts to everything. I've got myself. I've got my friends. I've got my little family but that's not where it ends. This one goes out to you. It goes out to everyone. It's in the name of honesty because life has just begun."(Catch 22, 1234-1234)

No one really knew what the word "meek" meant anymore, but as the end neared everyone hoped that they were "meek", since afterall, it was 'the meek who would inherit the earth'. Meaning, they would be the only ones to survive armageddon. The third world war lasted six hours. That being how long it took missiles to launch from one side of the planet and land on the other. In that short six hours humanity actually fought an intense fourth world war over exactly what "meek" did mean. No one will ever know who won. — Taj

Special thanx to my friends; old and new and to those who have encouraged me along the way. **A.S., R.P., D.P., M.H.**-Old friends are the most cherished friends. Never forget all the fun we've had together. **Masco Prayer Group**-Stand firm on God's word and do what you can to reach the lost before you leave masco. God has a divine will and purpose for each of your lives. Thanx for encouraging me. You guys rock!(Rebecca St. James-the epitome of cool) **Class of 1999**: We made it !! I hope that everyone who has encountered me has seen a difference in me because of Jesus Christ. He's the only one that can bring you true happiness. His desire is that everyone would come to know him. If you will just admit your sins before God and call on the name of Jesus, his line is always open, and he is faithful to forgive you. Even better than that, he'll love you like nobody else could. You might blow off what I have to say now, but I pray that you'll remember it later when the going gets tuff, remember Jesus is always there for you. **Lauren**- I didn't forget you! I've had so many laughs with you. We're so weird when we're together! Mr. Lomasse's class-"I'm a retired cop from the Danvers police department" T.M.-I'm over it! Good Luck Class Of 1999!! I'm leaving now to slay the foe-fight the battles high and low. I'm leaving, mother, hear me go! Please wish me luck today. I've grown my wings, I want to fly, seize my victories where they lie. I'm going mom, but please don't cry- just let me find my way. I want to see and touch and hear, though there are dangers, there are fears. I'll smile and dry my tears- please let me speak my say. I'm off to find my world, my dreams, carve my niche, sew my seams, remember as I sail my streams, I'll love you all the way

The Search

I went to find the pot of gold
That's waiting where the
rainbow ends.
I searched and searched and
searched and searched
And searched, and then-
There it was, deep in the grass,
Under an old and twisty bough.
It's mine, it's mine at last. . . .
What do I search for now?

Though it seems that our years in school have just flown right by, in reality, they have been long and hard. Each June has been a symbol of yet another grade out of the way and closer to the real world. This is the final year and we have all overcome our ultimate obstacle. So before we set out into the real world, LET'S MAKE IT HAPPEN IN '99! Our class held together all these years, so let's keep in touch! Good luck to all my classmates, whether it be partyin' or just studyin'! Keep it REAL!

Four years and all I can think of are all the things that I must have forgotten. I suppose a few thanks are in order. Thanks Mom, Dad & Cara (you're still pretty much pretty annoying) for putting up with my late night rants on the evils of Amerikan society and for keeping me insane. To the 'BMT kids from 95-99, don't forget the study halls that we once had. A few big Oi!s to the Tri-Town Punk Rock Crew; Steve (Legal Tender Punk Rock!), Jini, Josh, Mike, and the younger punks who will be keeping the scene alive when we are gone. To all the kids who refuse to be trained: Always keep questioning what you are told, and trust in yourself. To all the kids who never took us seriously, the racists, homophobes, Fascists, liars, insecure macho authority figures and close-minded conservatives (you know who you are)...thanks for keeping me angry.

Keep your laughs, keep your joys
They're worth more than gold or toys.
"We're out, we're out!" you'll think and say,
But these will quickly pass away.
Soon grown and gone, the years slip by
All along you wonder why.
"Why not this? Why'd I forget?"
When reminising, don't regret.
Think of all you did at school.
Not who was hip, who was cool.
Remember all the fun you had.
This is sure to make you glad.
You'll open this book and read the squares
Seeing the photos, seeing the stares.
You'll read and laugh and with a grin
Think, "I wish I could do it all over again."

This is the place where we are supposed to say things like, thanks Lyss and Cathi because without you I wouldn't be the person I am today, you can take that as a compliment or as sarcasm.Well even though we were sent to school to learn things from books I have indeed learned a lot of things from my friends.Things like peop may drop by your house at any time of the day like 11 pm (Jules) or even 6 am (Kyle and Cheev) but no matter when they showed up we had a lot of laughs. Kris and Kristen you guys were my favorite people to make fun of and I thank you for that. Leslie you have to agree that people bond when they shoot at each other. For all my foolie friends and my not-so-foolie friends: I love you guys, it's that simple.
I'll never forget the (mis)adventures we had together. Thanks for everything: limos in
Boston; World Cup music; N64; frisbee fiascoes; the beach; the word "whoop"; all
those rides home; "Masco has a fencing team?!"; WHW; BBVD in town; group
projects; la esquina; the bio fence; LQ; lunch (wince); email... and so much more.
Good luck, have fun, and remember you're so money =) And if you ever need
assistance with backyard wildlife (esp.turtles), or worthless trivia- I'm there for you.
Mrs. Miller- Thanks for being who you are. May your DNA always be methylated.

' OLD FRIENDSHIP

Beautiful and rich is an old friendship,
Grateful to the touch as ancient ivory,
Smooth as an aged wine, or sheen of tapestry
Where light has lingered, intimate and long.
Full of tears and warm is an old frienship
That asks no longer deeds of gallantry,
Or any deed at all--save that the friend shall be
Alive and breathing somewhere, like a song.

Senior Halloween Party

The seniors celebrated Halloween together as french maids, Drag Queens, Dr. Evil and the cast of Mtv's *Daria.* A pack of flappers and the football team masquerading as Masco's cheerleaders also made an appearence. Students danced to borrowed music, even when the DJs paused for "emphasis". Although reminiscent of Junior High dances; the licensed seniors drove away under the full moon at the end of the spooky, bizarre party.

SENIOR FROLICS

This year at the Senior Frolics, co-directors Dan and Trish took us out to the movies. The variety of skits made the evening simply "Titantic". "Dawson's Creek" represented current teen role models of America. "Mo money" was a skit about a beggar that doesn't actually want money. The boys and girls chorus line were fabulous and were said to be the best ever. Overall, the majority of the audience rated the night as two thumbs up.

The Junior/Senior Prom

On May 30th, the Prom was held at the Boston Marriot in Burlington. Everyone arrived in limos, dressed to the nines. "A Night under the Stars" lasted four hours, from 7-11 pm. The dancing continued all night on the extended dance floor, pausing only for dinner and the Prom Court. Though the night was short, it was sweet and the stars sparkled all night long.

Faculty

With all the pressure of which way to go, you need a little guidance before you take the off ramp. That's when the Drivers Ed. teacher opens the door and sits beside you on the passenger side. They can be as kind as a crossing gaurd, or as stern as a policeman and you may be told to brake or turn here and there, but after awhile you're on your own and have the basics down cold. After the long ride is done, the teacher evaluates you to see if you made the grade for the road ahead of you.

HAPPY

Mr. Thomas P. Hussey

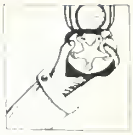
The one thing that will be most vividly remembered was Mr. Hussey's absolute love of teaching. The love he exuded was returned to him by th students he taught. As one of the most experienced teachers at Masco, w twenty seven years of teaching under his belt, Mr. Hussey was highly respected by his peers. He is described as a "very concerned man", alwa willing to stay later than 2:50 p.m. to help his students if they were havin trouble. Mr. Hussey was equally respected by his peers and his student His jovial spirit will remain in our memories. As Mr. Craig said, "He wi be greatly missed. I can't even imagine who will be able to take his plac

Ms. Anne C. Mannheim

Ms. Mannheim has been working as the director of the preschool program for twenty six years. She has quite a reputation of being a remarkable teacher and friend. Ms. Mannheim has not one, but three jobs at Masco. She is the director of the preschool program, the teacher of childhood education, and the preschool teacher. When she first started teaching she had twelve students enrolled and she now has fifty-five. The preschool curriculum includes freeplay, storytime, and art. Mrs. Mannheim, as the childhood education teacher, instructs high school students to analyze the preschool class. As one of her students said, "Ms. Mannheim has helped me gain a knowledge of childcare and a better understanding of the age group studied." Thank you, Ms. Manneheim you are much appreciated and will be missed.

Mrs. Barbara Manning

She has been described as responsible, friendly and efficient. Mrs. Mai ning has been at Masco for twnty three years, and has aided in almost eve department from World Language to Special Needs. In addition, Mrs Manning has helped organize the guidance department, worked as an Advanced Placement proctor, and tutored in foreign language. By doin the valuable job of organizing field trips and other tedious legwork, Mr Manning succeeded in allowing teachers to focus on teaching. This conscientious, dependable, and kind woman has had a lasting impact up the school, given her colleagues' reaction to her departure. When Mr. Meegan was asked about her retirement, he replied, "I'm very concerne There will be a definite gap without her."



Mr. James W. Murray

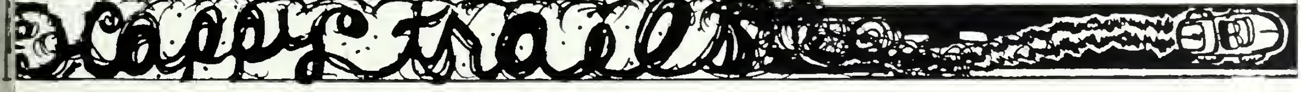
Ir. Murray has worked as a guidance counselor for 30 years. He has
dedicated a tremendous amount of time to better the lives of his
nselees. Mr. Murray introduced the School to Work Program to Masco.
s program was designed three years ago so that students can gain real
ld experience through school curriculum that is oriented to the working
orld. Some of the courses include human anatomy, accounting and
mputer science. The students enrolled may earn college credit. Mr.
ay also started the senior internship program, which is a work program
ed to seniors in their last quarter of school. The design of this program
bles students to enter the real world to see what the career they wish to
ue is like. Mr. Murray also started the Thomas Jefferson Forum which
volves extra-curricular participation in community service projects.
early, Mr. Murray has accomplished a lot while at Masco. He always
ts his students to excel and making sure they do is what he does best.

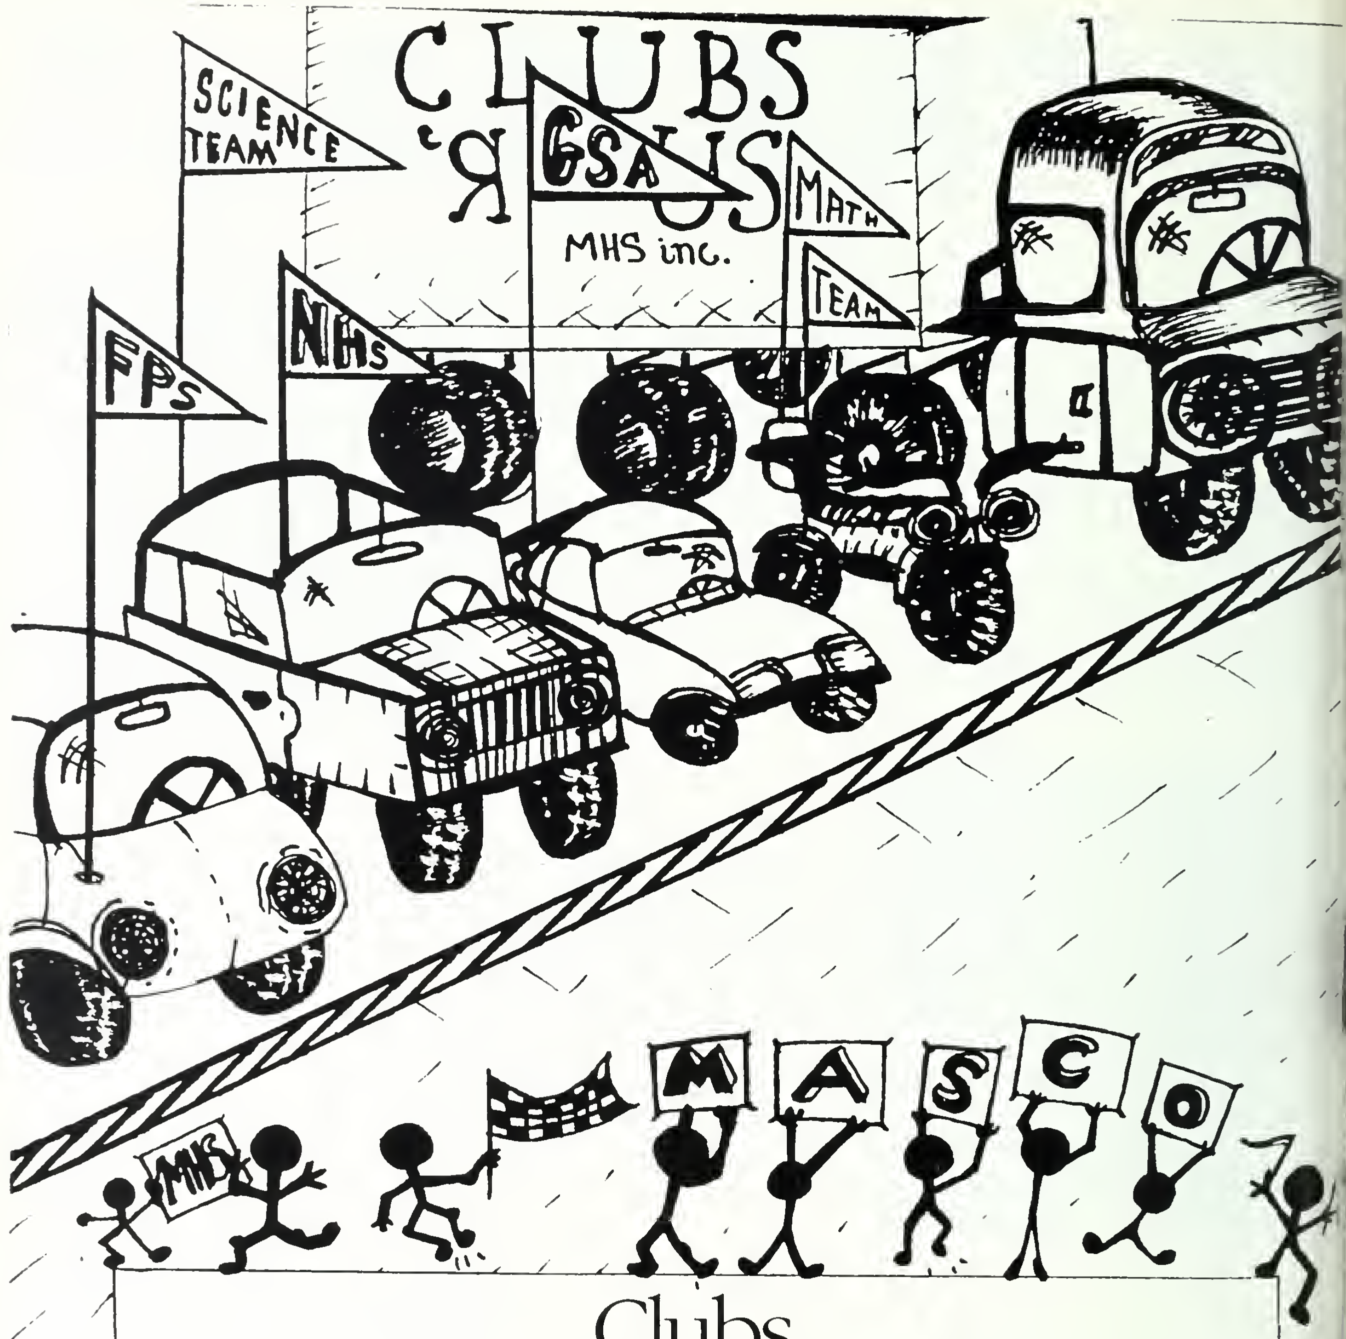
Mr. Donald Silvernail

Mr. Silvernail has been working at Masco in the special ed. department for 30 years. He started the first special needs program for the high school. As the program coordinator for special education in the high school he develops academic programs for the special education students and oversees their tutorials. He believes in teaching students to be self-sufficient and is the liaison between parents and teachers for children in his program. Many students will miss Mr. Silvernail because he has taught them so much and has helped them get through high school. One of his students said "Mr. Silvernail has been an inspiration to me as well as a good friend through my four years of high school." Thanks a lot, Mr. Silvernail, you've done a great job!

Mr. Richard Smith

Smith's colleagues describe him as being a caring, intelligent, and fair
vidual. As someone with 37 years of teaching experience under his belt
l the title of English Department Head, Mr. Smith exemplifies experi-
c and persistence. His tireless devotion to both teaching and learning is
rly evident in the classroom where he often acts out scenes from books,
rplete with energetic hand gestures and accents. During his retirement,
e lans to travel, horseback ride, scuba dive, camp, and spend more time
i his family. Perhaps Mrs. Shapiro sums up Mr. Smith's departure best
aying, "It would take a person with very large shoes to fill the void of
Mr. Smith's absence... he will be sorely missed."





Clubs

At the end of the day many of us want to race out of the parking lot, heading in different directions. Others are involved with numerous after school activities. These activities allow us to travel in our own individual pathways where we can truly express ourselves. Whether it is a community service activity, a foreign language club, or Future Problem Solvers, we can broaden our horizons, form new friendships, and engage in some healthy competition.

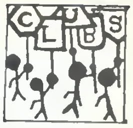
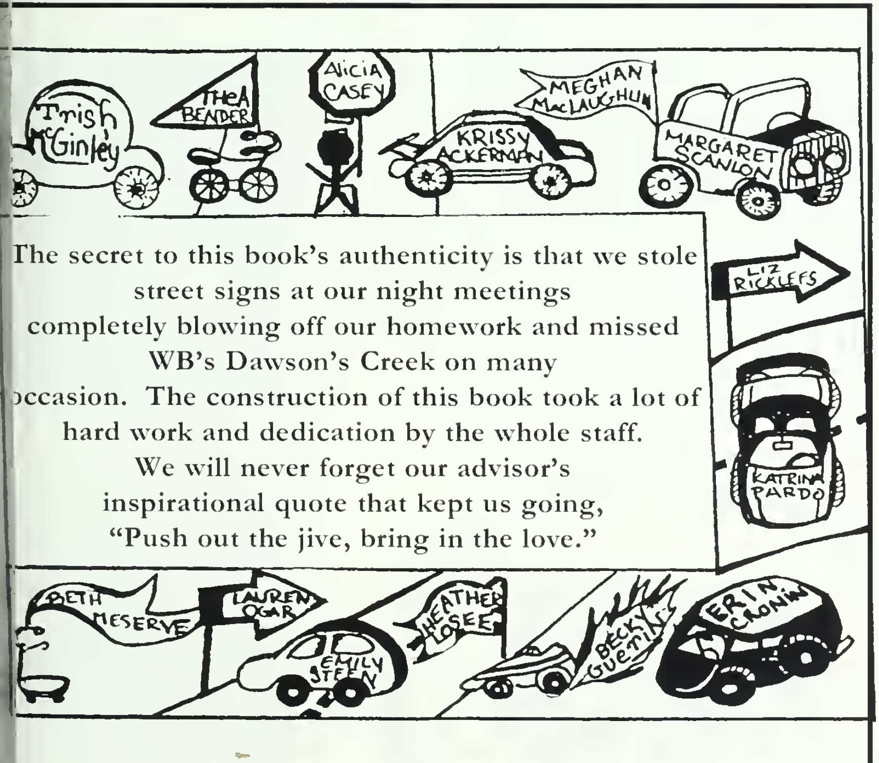
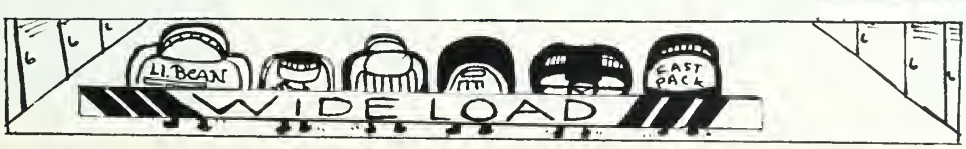
What do you call a group of
freshman walking down the hall?...





The secret to this book's authenticity is that we stole street signs at our night meetings completely blowing off our homework and missed WB's Dawson's Creek on many occasion. The construction of this book took a lot of hard work and dedication by the whole staff. We will never forget our advisor's inspirational quote that kept us going, "Push out the jive, bring in the love."



England

During April vacation, a group of eight students, Mr. Doliber, and the students from Triton traveled to England to experience the culture for eight days. The students visited London, stopping to see Westminster Abbey, Big Ben, and the underground (the subway system of London). A trip to Scotland was also arranged, and everyone enjoyed Edinburgh. Though the trip was, according to some, "too short", it was most definately sweet.

GB

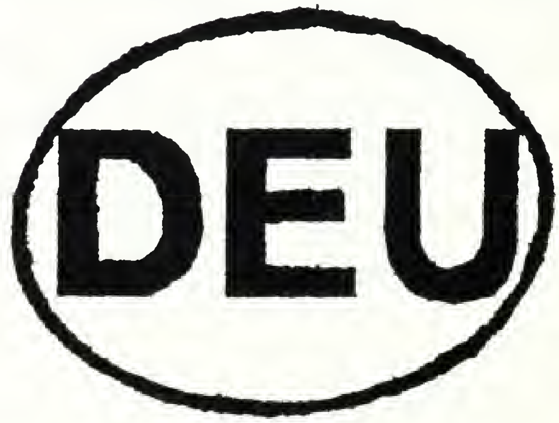
France

Masco became the host to seventeen French students from Rennes last fall. During their eleven day stay, the French students explored Boston and Harvard Square with their host families, ate at the Hard Rock Cafe and Friday's, and went to the Museum of Fine Arts and the Science Museum. The French students enjoyed bowling and laser tag, even if they didn't quite understand the concept of laser tagging. During the week, the French students stayed in school, and got here in time to attend the Halloween Party, experiencing the cultural thrills and chills of an American custom of trick-or-treating. The French students then went on to New York for a short while, but their stay is sure to remain in their memories and in the memories of their host families.

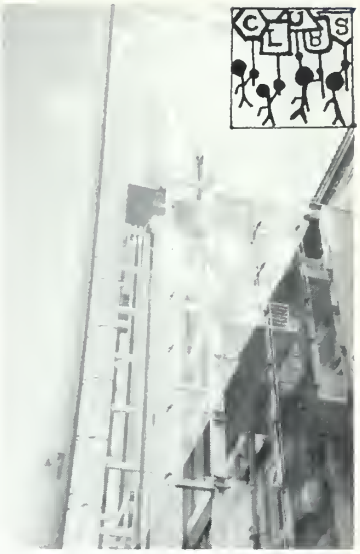
FR

Germany

With the end of school, as most of us were looking forward to the begining of summer, fifteen Masco German Exchange students lived in Munich(or surrounding towns), attended schule (school) for ten days, went to movie theatres, and viewed King Ludwig's castle from the top of a luxury double-decker bus. The Americans also spent their time navigating the U-Bahns (German subways), listening to school concerts, and observing the English Garden. The students returned with happy memories and new friends from abroad.



Spain



Twenty-four Masco Spanish students left Logan Airport on April 1, 1998 for the trip of a lifetime. After an exhausting eight-hour flight, they landed in Madrid; where they toured for three days. They then witnessed the city of Toledo, the Prado museum, and the Museum Thyssen - Bornemisza. They then spent three weeks with their Spanish students in apartments in Guardarmar. A three-day trip to Andalucia was undertaken to view castles and buildings of Granada, Sevilla, and Cordoba. The Masco students visited la playa (the beach) almost daily, as it was so close to the school. After three and a half weeks, the Americans left with happy memories and newly formed friendships.

Death Trap

By Ira Levin

This year's winter theatrical production was a murder mystery about a playwright with writer's block. Th
writer, Sidney Bruhl, teaches a college seminar and is approached by a student, Clifford, to proof read a
play Clifford had written. Sidney decides to appropriate the play but must assassinate the student in orde
to claim fame. He states, "Thrillers aren't a disease, they're a tradition which superbly challenge the theatr
cal framework!" In keeping with this philosophy, the plot twists and turns in maniacal, unpredictable way

Sports

Whether it's making it to the states, being defeated, or being C.A.L. champs, Masco athletes always rise to the top. The road to victory is within our reach. The determination, desire, and courage of Masco athletic teams is clear and consistent. Victory can be shooting the ball for a three pointer in the last second, kicking in the winning goal, or sprinting to a strong finish. The real victory may not be whether we win or lose, but knowing that we tried and that's what makes Masco's athletes the best!

BOYS X COUNTRY

The boys cross country team ventures out onto the open road, through highway over passes, down winding country roads, meandering among natural obstacles, and jumping over puddles in the drizzling rain. The boys always have a common goal: the desire to run and win. The practices are tough and agonizing but the light of the golden sun energizes our boys, and gives them the stamina to always cross the finish line.

GIRLS XCOUNTRY

They pound the pavement in their running shoes, fueled by heaping plates of pasta, the smell of cigars, and the constant advice of Mr. Casey. The Bunnies had a respectable season and with much more of the team consisting of underclassmen, next season promises to be just as strong. Way to go Casey's Bunnies!

CHEERLEADING

They fly through the air at top speeds, jump impossibly high, and twist their limbs in every possible direction, all while keeping smiles upon their faces. Even with football games to go to and lockers to decorate, the girls (plus one boy) still had time to beat out neighboring cheering teams at competition and to WIN States. Let's hope this tradition of excellence continues for years to come.

FIELD HOCKEY

Despite several incidents of injuries (both eye and knee) and an early season consisting of losses, the field hockey team proved victorious and managed to earn a spot in States. To what does this team owe their success? Some say it's the running, Finny's coaching, or the long practices, but the girls know the truth: it was the Papa Gino's pizza and Mrs. Malgari's amazing chocolate chip cookies. Way to go, girls!

GIRLS SOCCER

The Girls Soccer team had a great season. All of their talent and determination led the girls to the Cape Ann League title. The girls worked hard with their grueling practices running up and down the field practicing their footskills. Thanks to the leadership of the tri-captains Caitlin Carey, Becky Viviani, and Haley Sennott, the girls were led in the right direction, and never lost sight of their pathway to victory! Yeah girls, KICK SSA!!

VOLLEYBALL

Ready, set...spike! With one of the strongest volleyball teams Masco's had in years, the girls were off to an impressive start this season. Though the team did suffer an early loss to Mr. Cleary's team, they rebounded and managed to beat them at the end of the season. Revenge is sweet, just ask any of the girls. They possess the drive to beat any team and look forward to once again crushing Mr. Cleary's team.
